

I enjoy listening to XM Satellite Radio and its traffic and weather channels. I like the variety and quality on XM that are not available elsewhere. I pay for these services and I am angry that the National Association of Broadcasters is trying to tell me what I am permitted to hear. I urge the FCC to reject the NAB's petition 04-160 and support XM's ability to provide the kind of programming that I want.  
Thank you.
